Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me will not have to pay the higher rate into the USF that the high-volume long distance users will pay.

Under the flat fee or numbers-based plan you are considering, those who make few long distance calls would be required to pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume long distance callers the same fees as high-volume residential or business customers.

I urge you to adopt the Fair Share Plan. Thank you, and best of luck in your new position.

Sincerely,
